

Social and Personal

Away off in the Far East there is war. The Russians and the Japanese are settling a dispute by force of arms, and the eyes of all the world are turned towards Korea. It matters but little whether we favor war or not, or whether our sympathies are out to the little brown Japs or the hairy Russian, just the same to great and small, war is interesting, and Korea is the arena of the contest. Thousands who never before knew or cared where Korea was or if it is now carefully scrutinizing the map of that strange land, and such names as Seoul, Chempu, within its borders and Port Arthur and Vladivostok, near by, are familiar household words.

Everybody wants to know more of this unique and beautiful country and all the things that are peculiarly fortunate in having in our midst Rear-Admiral Harrie Webster, of the United States Navy, who spent nearly four years in the Far East, a part of which time was spent in Korea, sufficient time for him to know the country well. He has kindly consented to deliver a lecture on that country on Friday evening, March 16th, at 8:30, in the hall of the Y. M. C. A., in the interest of the missionary societies of the First Baptist Church.

The Admiral it may be said, he is a most interesting and pleasing speaker. His audiences regret when he closes and always wish to hear him again. The lecture will be richly illustrated with Admiral Webster's lantern views which were made and colored for him and correctly portray the beauty and strange customs of the "Hermit Kingdom."

Lecture on Art.
Dr. William L. Foushee, of Richmond College, will give a lecture before the Richmond Art Club in the club rooms at the corner of Madison and Grace Streets, this evening at 8:30 o'clock.

Each member of the Art Club is entitled to invite a guest. Dr. Foushee's well known ability as a lecturer and his intimate knowledge of his subject will render his talk on art a great pleasure for those privileged to hear it.

Annual Meetings.
The annual meeting of the Board of Managers for the Woman's Exchange will be held Friday, March 16th, at noon, in the rooms of the Exchange. Officers for the coming year will be elected and other business of importance will be transacted. The annual meeting of the board of the Retreat for the Sick will be held to-day at noon. Chairmen of committees are requested to submit their reports in writing, and every member of the board is asked to present.

Kate Wheelock Club.
The Kate Wheelock Whist Club met last afternoon with Mrs. Willard Craig on Lombard Street.

Mrs. Craig, playing dummy made the highest score north and south. Mrs. D. T. Williams and Mrs. E. A. Shepherd were winners east and west. The club will meet Wednesday afternoon next with Mrs. Williams, at No. 210 East Franklin Street.

Miller-Anderson.
Mr. John F. T. Anderson announces the engagement of his daughter, Miss Sally Reid Anderson, to Mr. William Jerome Miller, the son of the late John Miller, of New York City.

The marriage scheduled for the autumn, will interest Richmond people greatly. Miss Anderson, the granddaughter of the late General Joseph Anderson, and of Dr. Dorsey Cullen, a former beloved Richmond physician, is not only prominently placed as to social position and connections, but is in herself one of the prettiest and most attractive young girls in Richmond.

Mr. Miller will finish his course in civil engineering next fall. He has already many friends in Virginia and belongs to a well known New York family.

The number of beautiful Virginia girls who are being transplanted to homes in the great American metropolis seems to grow larger every succeeding year, and Miss Anderson will make a notable addition to the clique already gathered there.

Monthly Meeting of U. D. C.
Richmond Chapter of the daughters of the Confederacy held its meeting in Lee Camp hall last afternoon at 4 o'clock.

Mrs. Norman V. Randolph, the chapter president, who presided, had the pleasure of introducing Miss Mary Amelia Smith, of Warrenton, Va., honorary president of the Virginia division, to the daughters gathered by the order of business was taken up.

As the treasurer's report showed only \$14.00 dues paid, members were urged to send dues to Mrs. Hugh Miller, the new treasurer.

Mrs. Crawford Read, the corresponding secretary, was instructed to write letters of condolence to the family of Miss Eubank, the most efficient Soldiers' Home nurse, who died at the Retreat for the Sick during the past month; and to Miss Spence, the niece and representative of Miss Julia Spence's family, whose death occurred March 5th.

The approval of Mr. Julian Thomas, city superintendent of schools to the "Daughters' plan of awarding \$10 to a high school student writing the best essay on the "Life and Character of Jefferson Davis," was reported. The essay will be read the 24 of June next, when the crosses of honor will also be awarded to Confederate veterans.

Mrs. Randolph was requested to appoint a committee to devise means of entertainment for the veterans at the Soldiers' Home.

It was decided to have an entertainment and a mass-meeting on May 10th, the anniversary of the battle of Yellow Tavern, to raise funds for the Stuart Monument Association. A rummage sale will also be held to increase the funds of the chapter treasury.

The membership blanks of Mrs. Thomas Catesby Jones was handed in with a splendid record appended.

A vote of thanks was tendered Mrs. George A. Lyon, and a letter of thanks

Woodman, Spare That Tree!

By GEORGE POPE MORRIS.

George P. Morris was born in Philadelphia, October 10, 1892, and died in New York July 8, 1934. His middle name is given as Pope, Phillips and Perkins by various biographers. His parents were very poor. He began life as a printer, and later became a magazine editor.

WOODMAN, spare that tree!
Touch not a single bough!
In youth it sheltered me,
And I'll protect it now.
'Twas my forefather's hand
That placed it near his cot;
There, woodman, let it stand,
Thy axe shall harm it not.

'Tis old familiar tree,
Whose glory and renown
Are spread o'er land and sea—
And wouldst thou hew it down?
Woodman, forbear thy stroke!
Cut not its earthbound ties;
Oh, spare that aged oak
Now towering to the skies!

When but an idle boy,
I sought its grateful shade;
In all their gushing joy
Here, too, my sisters played.
My mother kissed me here;
My father pressed my hand—
Forgive this foolish tear,
But let that old oak stand.

My heart-strings round thee cling,
Close as thy bark, old friend!
Here shall the wild bird sing,
And still thy branches bend.
Old tree! the storm, still brave!
And, woodman, leave the spot;
While I've a hand to save,
Thy axe shall harm it not.

Miss Eleanor Franklin, in a recent bright article for Leslie's, pays a devoted tribute to Miss Annie Russell, who possesses, she says, "a wealth of sweet, gentle womanliness that is as personal as it is charming." She also declares that Miss Russell "weeps so well that her smile never shines so brilliantly as when it is rainbowed against a cloud of tears."

NEW LINE TO OCEAN

The Seaboard Traction Company
Chartered by Commission.
Begin at Once.

RICHMOND TO PORTSMOUTH
Will Run Through Trucking and
Peanut Sections—Ample
Capital.

If the provisions of the charter granted yesterday by the Corporation Commission to the Seaboard Traction Company are carried into effect, Richmond will be put in trolley communication with the seaboard cities of Norfolk and Portsmouth in a short while.

The line is to be three hundred miles in length, and is to run from Richmond to Portsmouth, through the principal trucking and peanut belt of the State. The capital stock is named at \$250,000 to \$300,000, and is to be divided into shares of \$100 each.

It is provided that the work shall begin at once, and the main line is to run through the following counties, beginning at Portsmouth:

Norfolk, Nansemond, Isle of Wight, Southampton, Surry, Sussex, Prince George, Dinwiddie, Chesterfield and Henrico, touching the cities of Petersburg and Manchester, besides innumerable small towns along the route.

Power houses will be built to supply some of the power, and some power may be used from the new Appomattox River plant at Petersburg.

STRONG OFFICERS.
The principal offices of the company are to be at Suffolk, and the officers for the first year are:

President, Luther R. Britt; First Vice-President, W. H. Robinson, of Norfolk; Second Vice-President, George L. Barton, of Suffolk; Treasurer, W. D. Southall; Secretary and Auditor, Leo Britt, Suffolk; Directors, W. H. Robinson, G. H. Lewis, W. D. Southall, L. R. Britt, Norfolk; Dudley D. Britt, Clarksville, W. Va.; Leo Britt, George L. Barton, Suffolk.

It is expected that the line will be in partial operation within one year, and that it will be completed within two years.

The line proposes to open a quick transit route for the great trucking interests of eastern Virginia to Baltimore, Philadelphia and New York. It will run from Suffolk to Pig Point, where a terminal will be built and floats will transfer to cars to Newport News.

Here the Chesapeake and Ohio will take the cars and put them in Washington, Baltimore, Philadelphia, and New York in half the time now required.

BUILD BRANCH LINES.
The Chesapeake and Ohio will take the cars by way of Doswell over the Richmond, Fredericksburg and Potomac and the Washington and Southern.

The company is authorized to build branch lines not over fifty miles long, and one of these will be to Smithfield, in the heart of the rich peanut section. This will enable peanut growers to ship direct to Northern and Western markets instead of having their product taken to Smithfield by the Old Dominion steamers, made ready for market and then sent to Norfolk or Newport News before starting for either the Northern or Western markets.

The charter provided for the line starting at any point on the Elizabeth River, in the county of Norfolk or city of Portsmouth, or any point on the James River or near the city of Richmond or Manchester.

The scheme is said to have ample capital behind it, and it gives every promise of success.

AT THE THEATRES.

It is not often that an American play has such noted sponsors as "Shore Acres" had when it was first presented to the public. Among the eminent players who recommended Mr. Harner's work are Messrs. Henry Irving, Wilson Barrett, John Hare, William Terris and all of our great American artists. Among the literary men who have written of the play's success are Messrs. William Dean Howells, Hall Caine, Hamlin Garland, Wallace Bruce, James Whitcomb Riley and the late Eugene Field. Hall Caine, in a long and thorough artistic interpretation of the play, has written of it as "a revelation to me, and I predict the play will run a year in London."

The play is a revelation to me, and I predict the play will run a year in London. The play is a revelation to me, and I predict the play will run a year in London.

Confining Indoor Work Cannot Make Them Sick Now. PAIN'S CELERY COMPOUND Keeps Hard-Pressed Office Men and Women Well and Enjoying Life.

G. H. Behnhausen, Grateful for Heartly Health—Gives the Great Tonic to Friends Who Are Feeling Badly.

Read the last sentence of this letter even if you read no more than that. There is a lesson for you in the earnest efforts of this busy office man to help his friends find the way to Vitality and True Health.

"Thousands of men and women who had forgotten what it was to feel the thrill of true health—latter, or pleasure, weakness, with health broken by indoor existence—have learned in just this way (by having it forced upon them by an earnest friend) how Paine's Celery Compound, the marvelous Tonic and Vitalizer, is ready to give them health again and to drive away all weakness and depression.

No more stimulant can take the place of the nerve nourishment given to the Nerves by Paine's Celery Compound. Sherwood Park, Yonkers, N. Y., January 7, 1934.

"I am recommending Paine's Celery Compound to many of the people in our office, and I am glad to say to you what I say to them, that Celery Compound is a boon to run-down, nervous people, and gives the courage and health that makes

life worth living and makes work pleasant.

"My occupation puts such a strain on me and keeps me so confined that it is only once or twice in years that I take a good, long walk.

"Every Spring I had a serious sickness, a sort of general breakdown.

"My digestion, which was always bad, would grow worse and cause me violent pains. For weeks at a time I would not be able to assimilate food.

"When the doctor told me it was 'nerve exhaustion' I thought he was simply unable to tell me what the trouble really was, and I said I did not believe in 'nerves'.

"I took several kinds of digestion medicine, but it did me no good. I read an advertisement of Paine's Celery Compound, and I thought I would try it and see if the trouble really was in the nerves.

"My friends were astonished to see how quickly I improved, but none of them was more astonished than myself.

"The trouble in my stomach and intestines was gone in three weeks or a month, and I began to take as much pleasure in

life as a man who lives entirely out-of-door.

"I will take Paine's Celery Compound, off and on, for the vitality that it gives me. I know a great many people who are as badly off as I was, but the trouble with them is, they do not believe in 'nerves.' I say: 'Well, even if you haven't nerves, let me give you one dose of Paine's Celery Compound, and see how much better you feel.' It is better than arguing with them. I have started several friends in that way."

G. H. BEHNHAUSEN.

"The only Real Cure is that which cures the REAL CAUSE. Treating symptoms is mere waste of time. The Cause of nearly all disease and pain lies in the inner nerves."

—Professor Edward E. Phelps, M. D., LL. D., of Dartmouth College, the famous Discoverer of Paine's Celery Compound.

"WHY? WHAT IS IT?"

That's for Readers of The Times-Dispatch to Guess. It's Easy.

BUT IT'S A NEW NOVELTY

It Will Follow "Roly-Poly" and Is Better and Far Easier. Good for Thinkers.

That's the question that readers of The Times-Dispatch will be asking for the next ten days. They found out "Who is Who?" and have unraveled the intricacies of "Roly-Poly"—and the next novelty will be "Why?"

It's better than either of its successful and talked about predecessors. It's more interesting because it gives readers of the paper a chance to think. In fact, it's not a guessing contest, but a thinking contest.

And the ones who have the best control of their thinking apparatus will win the prizes. There's a half-hundred dollars and perhaps more to be given away in prizes. Everybody has an equal chance.

There will be no telephoning or hustling around the streets to find the answers. That's what makes it easy and interesting.

The success of the last two contests in The Times-Dispatch has been great. They attracted more attention to advertisers than had been anticipated, and all have been pleased. Many have asked that they be continued; hence "Why?"

This will be the most attractive feature of all. It will be interesting and instructive in the highest sense. Leading banks, manufacturers, and business men will be in the contest, and many have asked for the contest. "Why?" will be answered by thousands. Ask your friends, what is "Why?"

MAY BE VERY BAD.

About Spanish peanuts the company says: "Commission merchants in one of the
